Dear Resident / Business owner

**Re: Road Closure & Parking restrictions in St Agnes Village
St Agnes Bolster Festival - 30th April 23**

We may have written to you back in January to make you aware of some road closures needed to facilitate the Bolster Festivals Street Theatre. You are receiving this letter because parking outside of your home/premises may be affected. We apologise for any inconvenience this may cause & we appreciate your co-operation.

Please see the map overleaf which indicates the section of road that will be subject to a waiting/parking restriction and the details of when they apply.

These restrictions are necessary to:

A) Ensure access for Firefighters to Hydrants to refill their appliances & ensuring they have space to turn in an emergency.

The day before the restrictions no waiting cones will be placed along the affected roads in regular intervals of 12-18 meters. Once the cones are in place we ask you to remove any parked vehicles and to refrain from parking along the section of road. Under Section 42 of the Fire Service & Rescue Act. it is an offence to obstruct access or use of a Hydrant.

Once the restriction has ended the cones will be removed & you may return your vehicle subject to permanent restrictions. *Did you know? - It is considered an obstruction to park within 10 meters of a junction and therefore a potential offense under S.22 of the Roads Traffic Act. for which the police have powers remove vehicles.*

Alternative parking can be found in the Parish car park by the Library - This is a Pay & Display car park & may be subject to a charge at your own expense, please see signage in the car park for details. More information on the disruption can be viewed online at www.ja-es.uk/event-plans Alternatively you can call our event info hotline to hear pre-recorded information on 0330 088 0629330 088 0629

Yours sincerely
